BST Questions

Question 1 :

Range Sum of BST

We have a Binary Search Tree consisting of N nodes and two positive integers L and R , the task is to find the sum of values of all the nodes that lie in the range $[L, R]$.

Sample Input1::

Sample Output1 : 11

Question 2 :

Find the closest element in Binary Search Tree

We have a binary search tree and a target node K . The task is to find the node with minimum absolute difference with given target value K .
